

Multiplication Bingo

Children write 9 multiples of target times table(s) on their whiteboard.

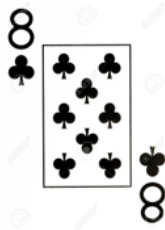

One person calls out the sentence e.g. "8 x 4"

Pupils cross off the multiple if they have it. e.g. 32

8	12	20
0	40	24
44	32	16

Games with playing cards – two players

1) Turn over a card. The first to multiply the number by 4 wins

e.g. Winner says "Eight 4s are 32" first. Winner keeps the card.
The overall winner is the one with most cards.
